Last Mountain Regional Landfill Information Memo:  
Non-Member Access Fee Schedule Implementation

Effective July 1, 2018, the Last Mountain Regional Landfill will be implementing an Access Fee for Non-Members arriving to use the landfill.

Upon arriving at the landfill, ratepayers will be asked to provide proof of membership by showing the landfill operator your driver's license. This will be compared with a list that has been provided to the landfill authority by each municipality. If your name is on the list, you will be directed where to take your garbage within the landfill after paying your flat waste rate. If you are a ratepayer in one of the member municipalities and your name is not on the list, you will be required to pay the access fee and are encouraged to kindly request of your municipal administrator that your name be included.

Those using the landfill from Non-Member municipalities, an access fee will be charged in addition to the flat waste rate that members and non-members are required to pay.

Access Fees are set at:  
Non-members (individuals) - \$20.00  
Non-members (contractors) - \$100.00 per project (up to 8 loads)

Your cooperation in this matter is appreciated. Please contact the administrator if you need any further direction on the information needed.

Sincerely,

A handwritten signature in cursive script that reads "Jenna Johnson".

Jenna Johnson, Administrator  
Last Mountain Regional Landfill Authority
