

Resort Village of Island View

To Resort Village Of Island View Ratepayers,

The Resort Village of Island View Council has decided to remain with the Regional Landfill as a member. Starting July 1st if you are using the landfill an extra twenty dollar, per entry, charge will be applied to those who are not members. In order for you not to receive this charge you will have to show identification. The Resort Village is required to give a list of its residents. I will be supplying this list to the landfill. It will only have your names as they are shown on your tax receipt. No other information will be provided.

If you have a problem with your name being released please let me know as soon as possible.

Thank You,

Olga Thompson,

Administration
